	AMPHI HAVANE F373A	315 F70A	351 F110A	DPC 352A F120A	352B F195A
7:30 AM	REGISTRATION OPENS				
8:30 AM	S1 Eye and vascular pathologies: panorama	S9 Modern biometry	S17 Refractive surgery: complications	S25 XEN surgery tips	S33 Neurological causes of temporary vision loss and diplopia
9:30 AM	S2 Treatment modalities in the management of non infectious uveitis	S10 Refractive keratoconus surgery	S18 Difficult cataract surgeries	S26 This is not AMD!	S34 Pitfalls in the management of non-inflammatory optic neuropathies
10:30 AM	COFFEE BREAK				
11 AM	S3 Novelties in glaucoma imaging and practical tips	S11 Child cataract surgery	S19 Pitfalls in refractive surgery	S27 All you need to know about retinal lasers	S35 How to deal with anisocoria
12 PM	S4 Gonioscopy in the time of anterior segment OCT	S12 Diagnostic pitfalls with strabology	S20 New inflammatory optic neuropathies	S28 Glaucoma explorations for dummies	S36 Diabetes and imaging
1 PM	BON APPETIT				LUNCH SYMPOSIUM
2:30 PM	S5 How to treat AMD in 2020?	S13 ICL	S21 2RT lasers for AMD and CSME	S29 Corneal pathologies: test your knowledge!	S37 Amblyopia: practical aspects
3:30 PM	S6 New aspects of glaucoma surgery in 2020	S14 Strabismus surgery: what's new in 2020?	S22 Updates in gene therapy in Leber optic neuropathy	S30 Pterygium surgeries	S38 Floaters: medical treatment, surgery or abstention?
4:30 PM	COFFEE BREAK				
5 PM	S7 Pachychoroid revealed	S15 Management of post injectables palpebro-retinal complications	S23 Macular pathologies and cataract surgery: therapeutic strategies	S31 Best of cornea videos	S39 Glaucoma
6 PM	S8 Emergencies in uveitis	S16 Ptosis: medical and surgical management	S24 3D and ultraHD surgery	S32 What should you do when facing a corneal abscess?	S40 Glaucoma pitfalls: illustrated clinical cases
7 PM	NETWORKING COCKTAIL				

FRIDAY

	353 F130A	362/363 F80A	361 F50A
7:30 AM	REGISTRATION OPENS		
8:30 AM	S41 Corneal OCT and keratoconus	S49 Updates in combined surgeries	S57 Scleral contact lenses
9:30 AM	S42 Holding and taxes optimization in 2020 (France)	S50 Product analysis: Angio-OCT	S58 Amblyopia: a race against the clock
10:30 AM	COFFEE BREAK		
11 AM	S43 Battle cataract: frequent complications	S51 Intracorneal rings segments	S59 Glaucoma and myopia: epidemiological, anatomical and etiological aspects
12 PM	S44 Biomechanics	S52 Importance of ocular surface analysis before refractive and cataract surgeries	S60 Artificial intelligence: what to hope?
1 PM	LUNCH SYMPOSIUM		
2:30 PM	S45 Ocular infections in children	S53 Entropion	S61 The modern liberal installation: issues and resolutions
3:30 PM	S46 Choroidal pathologies	S54 Pigmented lesions of the conjunctiva	S62 Retirement (France)
4:30 PM	COFFEE BREAK		
5 PM	S47 Macular edema: 7 pitfalls to avoid	S55 New imaging in fundus tumors	S63 Tax issues: practical guide (France)
6 PM	S48 Viral keratitis	S56 Managing the dislocated IOL: an algorithm	S64 2020 update on practice modes (France)
7 PM	NETWORKING COCKTAIL
