WELCOME TO AOP

We are delighted to welcome you to the 31st edition of the AOP Congress with an even more international and up-to-date program to feed your science craving.

The Scientific Program was built around 160 hours of workshops aimed to upgrade your practice and expand your knowledge in all themes of ophthalmology. To help you develop your expertise, we are honored to work once again, hand in hand with numerous scientific societies ensuring a high-quality scientific content.

Don't miss out on this year's highlights:

- International plenary sessions, featuring English-speaking expert lectures on 7 key themes. They will debate on the latest hot topics alongside French experts.
- A cataract surgery battle, based on frequent or rare complex cases. Compare expert techniques and diverging opinions when confronting new challenges.
- Wet/Dry Labs, our surgical upgrading workshops on vitrectomy and phacoemulsification, as well as an AOP-exclusive Lab dedicated to trabeculectomy.
- Young Ophthalmologists and orthoptists module, designed to meet their specific training needs.
- New technologies workshops.

For the past 3 years, our e-learning platform AOP Academy has been enhanced to make sure your learning experience can continue beyond the congress: watch all of our workshops again, including the ones organized by partner congresses.

To make it easier, AOP Academy is now available as an application that you can use anytime, anywhere. Visit the AOP Academy booth to get more information.

Make the most of this enriching learning opportunity to preserve the scientific spirit and friendly atmosphere that make the AOP Congress so special.

Warmest regards,

AOP 2018 Scientific Board

"Dry Lab" on glaucoma surgery, AOP 2017

OFFICIAL LANGUAGES

The official languages of the congress are French and English. Simultaneous translation in both languages is available in all conference rooms for free.

TRANSLATION

Headsets are available at the welcome desk on level 1. A security deposit of 210€ by credit card is required. In case of loss or non-return of a headset, the deposit of 210€ will be charged to your credit card.

SPEAKER PREVIEW ROOM "CLUB LOUNGE"

The speaker's club lounge and preview room is located on Level 1. (see page 125)

All sessions are equipped with computer projection. In order to insure a successful congress, speakers are required to have their presentation(s) delivered to the preview room where our technical staff will assist them. No direct in-room plug in will be allowed.

We recommend that speakers upload their presentations the day before or at least 1.5 hours prior to the start of the session.

COFFEE & LUNCH BREAK

Complimentary lunch and beverages are available for Delegate and Faculty badge holders. Please refer to the map for the designated food court areas.

Exhibitors have access to lunch depending on their sponsoring package.

AOP ACADEMY MOBILE APP

MISSED A SESSION?

AOP ACADEMY IS FOR YOU! WATCH ALL THE SESSION OF THE CONGRESS ONLINE OR ON THE MOBILE APP.
